# Pork Pricing Estimate – 2019
# Half Pig

A $100.00 deposit is required on all half pig orders.

Pigs are typically processed at a live weight of 200-250 pounds. Pricing is done on a "hanging weight" basis, which is the weight of the pig after slaughter when the inedible portions have been removed. The below pricing ***estimate*** is for purchasing half of a 225-pound live weight pig. Your cost will depend on the actual pig, and will be determined at time of slaughter.

Paid to One Straw Ranch, Inc:
Hanging weight of half a pig is approximately 80 lbs.
The price paid to One Straw Ranch is $4.40 per pound.* 80# x $4.40 = $352
The actual hanging weight will be provided to you at time of slaughter.

Charge for the slaughter (approximate):
Paid to butcher or One Straw Ranch, depending on choice of butcher. = $35

Paid to butcher (estimate):
The cost for the cutting and wrapping is based on "hanging weight".
The base fee for cutting and wrapping is about $0.70 per pound hanging weight, depending on the cuts requested and choice of butcher. Curing of hams and bacons is $0.90-$1.15 per pound extra, depending on butcher. Sausage may also be extra. Cut and wrap charges are paid by you directly to the butcher shop at the time you pick up your meat. Tax is extra. This price is an estimate for an average order. = $75

Approximate total cost of half a pig is: = $462

Planning for your freezer space: The cut and wrap process removes approximately 20% of the hanging weight as bone and trimmings. Net weight of the meat you receive will therefore be approximately 65lbs.

*Price for a whole pig is $4.20/lb. Please call to confirm current price. This price is as of 4/1/19.
